INNOVATION AND EVIDENCE-BASED BEST PRACTICES

JUNE 27-28, 2016 | THE DELTA GRAND OKANAGAN RESORT & CONFERENCE CENTRE | KELOWNA, BC, CANADA

Dear < Insert your manager's name >,

The **16th Annual Healthcare Summit** is taking place from June 27-28, 2016 in Kelowna, British Columbia. I am seeking approval to attend this conference as I see an opportunity to gain invaluable knowledge and network with industry influencers that will benefit our organization.

Policy makers and industry experts will discuss the rapidly growing developments in digital health, healthcare technology, and health IT. A main point of convergence will be the integration of disruptive technology that is driven by innovation, and the potential to revolutionize the healthcare industry by delivering personalized patient-centred care.

By attending the **16th Annual Healthcare Summit**, I will be able to obtain high-level insight on pressing issues in the healthcare industry. This two-day event will allow me to attend panel sessions, keynote addresses, and networking events. Networking will foster new business opportunities and strengthen existing partnerships, and I will be able to share new insights, ideas and key takeaways with my coworkers when I return.

Summit topics include:

- Integrated and Comprehensive Platforms Innovative Platforms for Innovative Patient-Centered Healthcare
- Unlocking the Market Value of Canadian Health Data
- Privacy and Security Implications for Health Records
- Healthcare Technology Management: How Do We Get Innovative Technology Implemented?

I have included a document with an expense breakdown of the conference for your review. I thank you for your consideration and look forward to discussing this opportunity further as I see great value in my attendance.

Best regards,
