17th Annual International Healthcare Summit

Justify Your Attendance
Dear

The 17th Annual International Healthcare Summit is taking place from June 26-27, 2017 in Kelowna, British Columbia. I am seeking approval to attend this summit as I see an opportunity to gain invaluable knowledge and network with industry influencers that will benefit our organization.

Policy makers and industry experts will discuss the rapidly growing developments in digital health, healthcare technology, and health IT. A main point of convergence will be the integration of disruptive technology that is driven by innovation, and the potential to revolutionize the healthcare industry by delivering personalized patient-centred care.

By attending the 17th Annual International Healthcare Summit, I will be able to obtain high-level insight on pressing issues in the healthcare industry. This two-day event will allow me to attend panel sessions, keynote addresses, and networking events. Networking will foster new business opportunities and strengthen existing partnerships, and I will be able to share new insights, ideas and key takeaways with my coworkers when I return.

Summit topics include:

- Breaking Down the Silos of Healthcare: Crossing Ministry Opportunities and Challenges
- Road to Personalized Health Transformation: Issues and Considerations
- Shifting from Acute to Community Based Care: How Can Innovation Support Patient Care Closer to Home?
- Considerations and Solutions for Healthy Aging
- Can the Public Sector Innovate or Do We Need Disruption to Come from the Outside?

I have included a document with an expense breakdown of the summit for your review. I thank you for your consideration and look forward to discussing this opportunity further as I see great value in my attendance.

Best regards,
## Conference Expenses
