

International Healthcare Summit

Virtual Health: Using Technologies to Support
the Delivery of Health Services

Greg Leake

Executive Director, Virtual Care Strategy

BC Ministry of Health

June 25, 2019

Virtual Health: The Current State

- **Significant Opportunities**
- **Major Challenges**
- **Wide Variety of Existing Virtual Care Services**
- **Gaps in Support for the Use of Virtual Care**

Goals

Patient Empowerment

Empower patients as partners in their care and wellness

Integrated Care

Create an integrated and comprehensive care experience for patients and clinicians

Improved Care Team Experience

Build a culture of trust, collaboration and joy in work to support the care team in delivering quality health care

Enhanced Decision Support

Provide timely, accessible, accurate information and tools to support clinical and system planning decisions

Vision

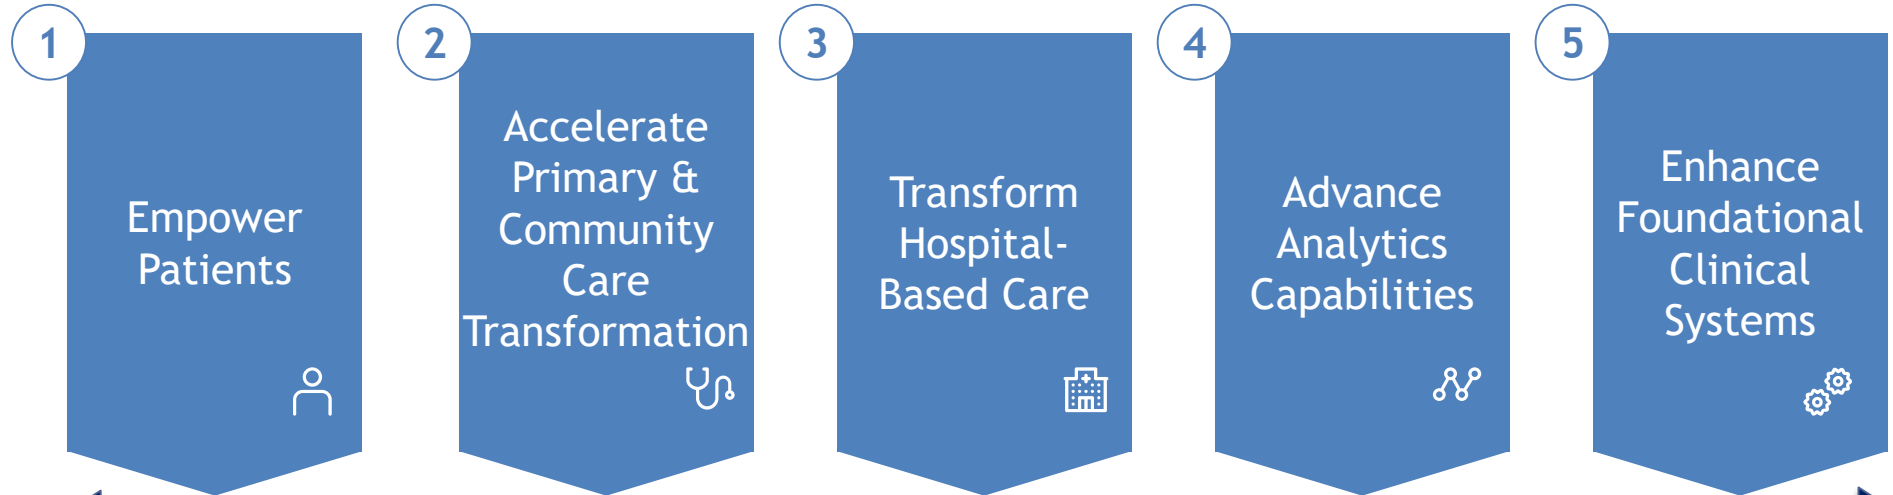

Optimal health and wellness for every British Columbian

Mission

Co-create an integrated and sustainable health care system that delivers improved health outcomes and embraces a culture of innovation, trust and partnerships

Five Strategic Pillars to Digitally Enable Health Transformation

Digital Health Transformation Principles

Provincial Virtual Health Strategy

- **Role of the Ministry**
- **Co-Lead the Development of Virtual Health Strategy with PHSA**
- **Alignment with the Digital Health Strategy**
- **Gaps in Support for the Use of Virtual Care**
