1ST ANNUAL VANCOUVER YOUTH SECURITY SUMMIT

October 28-29, 2026

Fairmont Waterfront Hotel, Vancouver, BC

SUMMIT OVERVIEW

We cordially invite you to be part of a groundbreaking event that stands at the forefront of security. The inaugural **1st Annual Vancouver Youth Security Summit (VYSS)** aims to bring together university students from undergraduate through postdoctoral programs for VISS-style programming designed specifically for their cohort. This event will run alongside our 3rd Annual Vancouver International Security Summit (VISS) at the Fairmont Waterfront Hotel.

The purpose of VYSS is to make national-security issues accessible to young Canadians who may not traditionally see themselves as part of this conversation. The programming will connect national challenges to issues they already encounter in daily life, introduce them to leaders working across government, law, academia, and the private sector, and help them understand where their disciplines and future careers can contribute.

The broader goal is to help develop a generation that better understands the challenges Canada faces, sees themselves as having a stake in the country's resilience and is prepared to contribute across sectors and disciplines.
